ROANOKE.

A fine audience, both as to quantity and quality, greeted the Roanoke company at the Broadway last night, and were highly entertained by a delightful rendition of Hal Reid's charming play. Sentiment, pathos and intense situations are intermingled and are properly contrasted by an abundance of pure comedy.

Miss Madeline McDonald, in the part of Roanoke, was all that could be asked for, while the other characters were portrayed in a faultless manner. This is certainly a play that it is not a waste of time to go to see.—Rocky Mountain News, Denver.

There are Meats and Meats

Yes, two or more kinds of meat—good meat and poor meat. A fat cow does not always mean the best of meat the young and tender ones are better even tho they don't look so fat. Now that's our system of killing—the young and tender cattle are the kind we buy.

WE ARE NOW IN OUR
NEW QUARTERS

The newly fixed up store room recently vacated by Franklin, where we will be glad to welcome you in what we think is the finest up-to-date meat market in Oklahoma in the west.

The Dillard Treatment

FOR WHISKY, MORPHINE AND OPIUM HABIT.

Are You Addicted to the Liquor, Morphine or Cocaine Habit?

If so, why not consult Dr. Dillard, the eminent Specialist. Remember, Dr. Dillard is in no way connected with any other so-called liquor cure, in fact it is an entirely different treatment than the Keeley and other cures. This treatment builds up the nervous system, increases the weight, and restores the whole human system. Dr. Dillard is located permanently in Guthrie, and has been a resident of the Territory since 1880, has had 22 years experience in general practice and has made the cure of the above diseases a life study. To convince the public that he has the only permanent cure for the above diseases, Dr. Dillard will treat again free of charge, any case he fails to cure, or in other words, if any of his patients go back to any of the above habits within six months he will treat them again free. Dr. Dillard requires patients being treated for the liquor habit to remain with him one week, then they are placed on tonic treatment for thirty days, after which they are cured. For the drug habit they remain under the Doctor's care for from fifteen to twenty days.

TESTIMONIALS.

We Refer You to the Following Testimonials of Gentlemen Who Have Taken the Dillard Treatment and Who will be Pleased to Correspond in regard to the Treatment.

LEWISBURG, Okla., Aug. 24, 1901
On the second day of October, 1900, I commenced taking the Dillard treatment for morphine and cocaine habit. When I commenced the treatment I weighed 130 pounds, my weight now is 220 pounds. I used morphine for 10 years and was cured in 15 days. Dr. Dillard cured me from the accursed habit. No tongue can express the many thanks to Dr. Dillard for what he has done for me; he also cured me of a long standing case of catarrh of the stomach. I had been treated by several eminent physicians and all failed to cure me. I am now in good health, all by trusting in Dr. Dillard.

BEAVERD, Okla., Aug. 15, 1900
To Whom it May Concern
This certifies that on the first day of August, 1900, I took the Dillard treatment for the liquor habit. I have no desire for whisky and never felt better in my life. Have gained 15 pounds and have worked every day since I left the doctor. I was with him one week. I can work hard all day and it does not tire. I would not be back where I was three weeks ago for \$1,000, and I can and do cheerfully recommend the Dillard treatment for the liquor habit.
John A. Mowser

On the fifth day of September, 1900, I took the Dillard treatment for liquor habit. I drank whisky excessively for about twelve years. I was considered almost a total wreck and had reached a point that there had to be something done. I was introduced to Dr. J. W. Dillard, the specialist, and commenced to take his treatment immediately. At the end of the first week's treatment I went to work at my trade and have worked almost every day since. I have no desire for liquor and am in perfect health. I advise everybody who is addicted to the drink habit to consult Dr. Dillard.
CHAS. WILSON

DIKENS, I. T., Aug. 1900
To all parties afflicted with the morphine or whisky habit I will say that on August 17, 1900, I went to Dr. J. W. Dillard a terrible wreck from the use of morphine and whisky. I was under treatment 15 days, was completely cured. I feel like I have had a new lease on my life. When I went to the doctor I weighed 177 pounds and in thirty-two days I weighed 150 pounds. Now I have been cured for about one year and am in the best of health. My daily use of morphine was thirty grains and all the whisky I could get. I had taken treatment from four different doctors but got no relief until I took the Dillard treatment. Respectfully,
DICK HANNEY

To Whom concerned
On August 15th, 1900, I began treatment for the liquor habit. I had been drinking a quart or more of whisky daily for some time and had been addicted to the habit more than 20 years. Since taking the Dillard treatment I am entirely free from all desire of inclination to drink intoxicants. I have gained 80 pounds in weight and am enjoying better health than I have for years. I cheerfully recommend the Dillard treatment to addicted with the liquor appetite. Very truly yours,
W. N. YORAW
